**To Whom It May Concern,**

**Subject: Application for BRCGS Agents & Brokers Certification**

BrandNewTaste B.V. formally confirms that we have initiated the certification process under the BRCGS Agents & Brokers Standard. Our formal application commenced on 1 November 2025, with an anticipated completion date of 30 June 2026. This certification demonstrates our unwavering commitment to quality, food safety, and supply chain transparency.

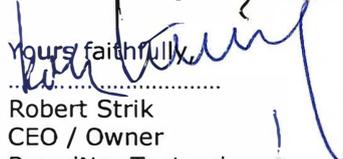

The BRCGS (Brand Reputation Compliance Global Standards) Agents & Brokers Standard is an internationally recognized certification framework designed for companies that trade, source, or manage the movement of food and consumer products without direct manufacturing operations. The standard encompasses five fundamental modules:

- **Product Safety and Quality Management Systems** – ensuring compliance with customer specifications and legal requirements
- **Hazard and Risk Assessment** – systematic identification and control of risks throughout sourcing, trading, and distribution activities
- **Supplier and Service Provider Management** – verification that all supply chain partners maintain rigorous quality and safety standards
- **Traceability and Product Withdrawal/Recall** – maintaining comprehensive and accurate documentation throughout the entire supply chain
- **Continuous Improvement** – ongoing enhancement of management systems, employee competency, and customer service delivery

For BrandNewTaste, pursuing this certification represents a strategic alignment with our fundamental business principles: integrity, quality excellence, and customer satisfaction. Under the direction of our CEO and Owner, Mr. Robert Strik, we have implemented robust systems and procedures designed to meet and exceed all BRCGS requirements.

We are confident that our thorough preparation, established quality culture, and dedication to continuous improvement will result in a successful certification audit. Achieving BRCGS Agents & Brokers certification will further reinforce our position as a trusted and responsible partner within the international food industry.

We extend our gratitude to all partners, customers, and stakeholders for their continued trust and support throughout this certification journey.

Yours faithfully,
